VERBAL ASSOCIATION INTELLIGENCE TEST

This is an untimed verbal association intelligence test which aims to measure one's inductive reasoning skills. All association in each item has a common factor to the word that should be stated as the answer. No specific knowledge is needed, except a certain knowledge within the domain of the clues. Items are not ordered in level of difficulty. It is allowed and encouraged to use reference materials such as books, dictionaries, internet, etc. BUT help from other HUMAN SOURCES is strictly FORBIDDEN. There are no half points and no penalties for wrong answers. Do not post nor share your answers with anyone whether you submit the test or not. One submission is allowed. Send your answers to info@iqlati.net, you will normally receive your score report within one week.

Norm will be available at <http://iqlati.net> after 30 submissions.

Along with your submission the following information is needed;

Age
